

# CoLaborator

At the Bayer R&D site in Berlin

## Key Features

- Building with 800 m<sup>2</sup> assigned lab and office space on Bayer's campus in the heart of Berlin.
- A new home for startups in life sciences with ideas related to Bayer's R&D strategy.
- Proximity to Bayer research and the vicinity to Berlin's science and startup community create an eco-system for innovative ideas.
- CoLaborator to house up to 9 startup companies.
- Laboratories and offices at competitive rates and furnished according to tenant's individual needs.
- Non-disclosure agreements between Bayer and clients to be signed when deemed necessary.

Science For A Better Life
